

**General Registrant Position**  
**1 year contract**  
**Possible extension if compatible**

*September 1 2023 – August 31 2024*

Come join us! Family Midwifery Care is seeking a **General Registrant midwife to start September 1 2023** for a position of 34 BCC/year, in a pod of 2-3 midwives.

We are a well-established practice of 16 midwives working in a shared care model. In this model midwives work in primary care teams of two or three midwives. This allows us the satisfaction of getting to know our clients well, while at the same time having a generous amount of off call time. We are a supportive and flexible group where both full and part time midwives are able to work towards a healthy work life balance.

We are actively seeking candidates who have varied personal and professional experiences. Candidates who speak multiple languages is an asset. We value a diverse work team that reflects the communities we serve. Midwives that identify as BIPOC are encouraged to apply.

We serve a diverse group of women and families in Guelph, Fergus and surrounding areas including Mennonite and other rural communities.

We hold privileges at Guelph General Hospital (Level II) where we have good inter-professional relationships.

Guelph is a vibrant university community with abundant outdoor activities, agriculture, arts and academics.

*We would love to hear from you!*

**Please apply with cover letter and resume to:**

**[Admin@familymidwiferycare.ca](mailto:Admin@familymidwiferycare.ca) &
