

Family Health Midwives team is seeking a **Full time Locum Midwife to add to our team immediately due to a midwife re-locating for family reasons**

Family Health Clinic was founded originally in 1983 as a Naturopathic Medical Clinic, and added Registered Midwives in 1998. The clinic is situated in central Langley, in the Fraser Valley, a fast growing area with many young families. The Fraser Valley is still quite rural with a variety of organic farms, wineries and markets, opportunities for horseback riding, hiking, canoeing, paddle boarding, close to camping, skiing and more! Langley is only 45 minutes from downtown Vancouver, for the perfect balance of city and country.

Family Health Midwives work in a small team model, with a shared caseload of 4 EDD's per midwife. Our team is committed to maintaining a satisfying work/life balance, working 1 day of clinic and 2-3 days of call each week. The midwives enjoy 24hr-48 hr call shifts and 6 weeks of vacation/year is encouraged. Our team uses Juno/Oscar and electronic faxing, and is well supported by an MOA 5 days/week (and She's awesome). Working within a Naturopathic environment offers an opportunity to learn about naturopathic medicine and pregnancy.

The successful candidate will initially be eligible for locum privileges through the Fraser Health Authority and there is a potential for full privileges. and a permanent position in our clinic. Our primary site is Langley Memorial Hospital.

The midwives enjoy many repeat clients and a home birth rate of 20%. The midwives work closely and collaboratively with a small group of local specialists, and feel very fortunate to have such a positive and supportive work environment in their local hospital!

We are a very supportive team who communicate well and value respect and teamwork. We are generally very flexible around scheduling and believe strongly in not tolerating bullying within healthcare. We have an excellent and fair system for allocation of pay based on a points system. All of the team are practitioners with many years of experience and would be happy to support a new graduate or a bridging graduate.

We would love to hear from you if you think our team and the lovely Fraser Valley could be the place for you! Please forward your CV or any inquiries to:

familyhealthmidwives@gmail.com

Applications will be considered until the position is filled. Contact: Cathy Carlson-Rink ND, RM
