

General Registrant Position

Community Midwives of Ottawa is looking for a full-time General Registrant to join our Low Risk Team. Our unique practice offers two separate models of care. The Low Risk Team works in a primary call model, with regular off-call coverage. Our ORACLE outreach team works in a collaborative model with maternal fetal medicine, taking care of at risk populations of clients who are medically outside of midwifery scope.

Position Highlights:

- You will join a diverse team of midwives, who speak a wide range of languages including English, French, Mandarin, and Russian.
- We provide care at The Ottawa Hospital Civic Campus. Experience as MRP with epidural and oxytocin would be an asset.
- We have over 50% planned out of hospital birth rate, which includes Home and Ottawa Birth and Wellness Centre births. High comfort level with out of hospital birth, water birth and excellent emergency skills are mandatory.
- We are committed to working with diverse populations, serving a significant number of non-insured/newcomer clients, as well as clients who experience marginalization when accessing healthcare. We will prioritize applicants with specific backgrounds and skills.
 - Applicants who can demonstrate how their previous experience can help support our diverse clientele
 - Ability to provide care in a language beyond English and French would be a considerable asset
 - Former IMPP Graduates
 - BIPOC midwives
 - Queer, trans and gender diverse midwives
- Due to limited hospital privileges, the right candidate could have an opportunity to work in novel and exciting community based/out of hospital birth team models.
- We are a group of midwives, who care deeply for one another, value teamwork and share many laughs together. This is a fun, supportive, and non-authoritative place to work!

Interested applicants can send a CV and Cover Letter to admin@ottawamidwives.ca

We value your interest in working with Community Midwives of Ottawa!
