## **POSITION FOR GENERAL REGISTRANT**

We are looking for a General Registrant to join our practice in Winter or Spring 2019. For the right candidate, this could be a permanent position with the opportunity for partnership.

Midwives of Middlesex & Area is a midwifery practice group located in north London with a focus on the surrounding communities of Middlesex county. We are a group of 6 midwives with administrative support. Our practice uses an EMR and has recently moved into a new office space with a clinic birthing suite. We have privileges at London Health Sciences Centre (Level 3), where we manage oxytocin and maintain care for epidurals. There is a large supportive midwifery department and excellent working relationships with the obstetrical and nursing departments.

The successful candidate would be seeking  $\frac{3}{4}$  to full time caseload. Ideally, this candidate would also have experience with oxytocin management, a strong commitment to supporting client choice, and would be comfortable providing care in rural communities. They would have all essential midwifery equipment in working condition as per the CMO requirements.

This is an exciting opportunity to join a supportive and growing practice.

Please fax or email your resume and cover letter to our office by December 15th. Only applicants selected for an interview will be contacted.

Thank you for your application.
