

EMERGENCY LOCUM FUNDING POSITION AVAILABLE NOW

It's been a heck of a year!

One of our group has had to suddenly go off work due to a cancer diagnosis. We have been approved for some last minute locum funding for the 2020-2021 year and would love to be able to utilize it to give our remaining midwives some breathing space.

If you think you are able to jump in to accommodate this please reach out to Meghan Jarzyna at admin@generationmidwifery.ca, or by text 613-341-9525.

Thank you in advance for your consideration.
