

Genesis Midwives

beginning with care

General registrant position available

Genesis Midwives is seeking a General Registrant to join our talented and passionate team. We offer a unique opportunity to join a well-established practice. The successful candidate will be a keen, committed team player, meets all CMO requirements and will secure locum privileges at Grand River Hospital.

The available position is a locum contract for an immediate start date until December 2021. There is potential to renew or extend this contract.

We offer a full case-load working in a model of shared call: a week on-call and a week off-call. The off call week may include some clinic hours and emergency back up. Our current call schedule includes five midwives each enjoying two four-week holidays in a year. We provide case load and compensation equity with prorated monthly payments to allow for a predictable income. We support each other to balance our professional and personal lives. Additionally, if you love chocolate, ice cream, and butter tarts so much the better!

Our clinic, and free parking, is located across the street from Grand River Hospital. Our Administrator provides excellent support to our group and has been a member of our team since the founding of our practice in 2009. Our relationships with consultants, nurses, and midwives in this community are excellent. We serve a diverse clientele of families from many cultures. Our home birth rate is about ten percent. Our catchment area includes the cities of Kitchener and Waterloo and the surrounding rural areas including Wellesley, Baden, New Hamburg and New Dundee.

We welcome your application beginning today. Please send your letter of interest and resume to the attention of our Administrator, Amy McDougall:
