

Guelph Midwives is accepting applications for the position of

Full-Time Locum General Registrant

Start date: October 1, 2024

We are a well-established, shared-care practice with 13 midwives operating out of our new clinic location in the south end of Guelph, and our satellite clinic located in the heart of downtown Elora.

Guelph is a vibrant university community with interesting arts, nature trails, excellent restaurants, and festivals. Elora is a stunning town known for its unique shops, pubs, the Elora Gorge, and scenic views of the Grand River.

We strive to maintain a healthy, supportive workplace and all our midwives work within teams of varied caseloads and time on call. Our charting is done using Accuro EMR.

We serve a diverse group of families in Guelph, Elora, and surrounding areas including the Mennonite community. We have hospital privileges at Guelph General Hospital and Groves Memorial Community Hospital in Fergus.

We are seeking a Locum General Registrant to work a full time 100% caseload in Guelph starting October 1, 2024. This is a one-year contract with the possibility of a permanent position.

Please send your letter of interest and resume to:
Email: info@guelphmidwives.com

We thank all applicants for your interest.
Only those candidates selected for an interview will be contacted.
