

AOM Group Home & Auto Insurance Program Disclosure to Members

Members of the Association of Ontario Midwives (AOM) are eligible for exclusive rates on home and auto insurance through a Group Home and Auto Insurance Program administered by HUB International and underwritten by Aviva Traders. A group discount of up to 15% on automobile insurance and 10% on property insurance is available in addition to other potential discounts an individual may qualify for. At the time of purchase, AOM members will be asked to provide their AOM membership number.

It is important to note that individuals have a responsibility to notify HUB International should they discontinue membership with the AOM. Those who discontinue membership with the AOM will no longer be eligible for the Group Program, although HUB will offer coverage through an alternate insurer upon renewal.

The AOM is eligible to receive financial consideration in exchange for making the Home and Auto Insurance Program available to its members and endorsing HUB International as the “Broker of Choice”. These funds are used to further develop and enhance AOM’s offering to its membership.
