

# Kensington Midwives is Hiring!

We are hiring a New Registrant Midwife with a summer-fall 2026 start date.

Kensington Midwives is located in Kensington Market, serving downtown Toronto. Our catchment area covers north to the 401, south to Lake Ontario, west to the Humber River, and east to Victoria Park. Our clinic space is bright and comfortable within a larger secure health building and with a view of the CN Tower and the best lunch options in the city. We use Accuro EMR in office and EPIC EMR in hospital.

We have privileges at St. Joseph's Health Centre, where we maintain care for epidurals and oxytocin augmentations. We also have privileges at the Toronto Birth Centre.

We work in shared-call models in groupings of two-three midwives to a team. However, we know that one size does not fit all, so we are open to new ideas and accommodating requests. We strive for a supportive team environment that supports all team members to have the work-life balance that suits their needs. We have generous sleep-relief and sick-leave policies.

## What do we value and believe?

- ❖ We are passionate about informed choice.
- ❖ We believe in Trauma Informed care and preserving the birthing person's autonomy.
- ❖ We are committed to providing out of hospital birth choices and proud to have maintained a high OOH birth rate.
- ❖ We strive for a hiring process and structure of practice consistent with an anti-oppression, anti-racist consciousness.

We are offering a 1 year NR contract with the opportunity for a permanent position if Kensington Midwives is the right fit for you (subject to available funding). We are looking for new energy and creative input for long term sustainability. We know there are many job opportunities to choose from and we hope you will consider joining us!

If you like what we stand for and are interested in joining us, please send your CV by email to:
