

Kensington Midwives is seeking...

A General Registrant for an 8-9 month locum in our downtown Toronto practice.

Kensington Midwives is a shared-call practice located in Kensington Market in downtown Toronto. Our clients are representative of the culture, class and linguistic diversity of this city. As such, we give priority to marginalized clients, particularly clients without OHIP.

All of our midwives hold privileges at St. Joseph's Health Centre, a west-end Level 2 hospital and at the Toronto Birth Centre. We have a very strong homebirth rate and welcome applicants with a passion for informed choice and choice of birthplace.

This position will be full-time, in a team of 3 midwives with protected clinic days and generous off-call time. We are a supportive practice, and strive to maintain a healthy work-life balance.

Start date is clinic in January 2021 and on-call end of January until end of September for an 8-9 month locum with the possibility of staying on.

The deadline for applications is 9:00am on September 28, with interviews being held on September 29th in the late afternoon to evening.

As we are committed to an atmosphere of mutual respect and equality, we are seeking applicants with excellent communication skills and a welcoming approach. Expanding the racial and cultural diversity of our staff is a priority for our practice and as such we welcome applications from midwives of colour, midwives who identify as LGBTQ*, those who completed the IMPP &/or midwives who speak languages other than English.

We thank you for your application; please note that only applicants selected for an interview will be contacted.
