K'Tigaaning Midwives is seeking a General Registrant Locum – Jan -Mar 2018

We are looking for a General Registrant to cover our winter vacations between the dates of Jan 6th - March 25th, 2019.

K'Tigaaning Midwives (KTM) is a small Indigenous focused practice, on Nipissing First Nation, adjacent to North Bay, Ontario. We also have a satellite office in Powassan, a half hour south, which hosts many Amish families. We are 3, ³/₄ time midwives in a shared care model. We have approximately a 30-40% out of hospital birth rate with many of those occurring at our lovely clinic. We have privileges at the North Bay Regional Health Centre where epidurals and oxytocin are a transfer of care.

KTM is located 3 ½ hours north of Toronto. It is situated in a region that is considered a paradise for any outdoor enthusiast as we are surrounded by lakes, trails, as well as downhill and cross country skiing facilities. You can still be on call and enjoy a variety of leisurely activities.

You would be required to do approximately 1 - 2 day(s) of clinic, help on-call midwives with postpartum visits, and be available for seconds and relief work on weekends. During the week days, you will be 3rd on call, which means there would be a low likelihood of being called to a birth. Therefore, you will be able to sleep most nights during the week and could have a good amount of free time to pursue leisure activities/projects.

Compensation is 6 courses of care over an 11-week period. We will attempt to facilitate lodging for you, as this is a private locum agreement that is not funded by the AOM locum program.

If interested, please contact Audrey ten Westeneind or Rachel Dennis Couchie at the email or number above.
