GENERAL REGISTRANT LOCUM POSITION 2021-2022

The Midwives Clinic of East York-Don Mills (TMC) is a large urban practice in the east end of Toronto. We have privileges at Michael Garron Hospital and the Toronto Birth Centre. We have full scope and excellent relationships with our consultants. We serve a diverse clientele and a large number of uninsured clients. One of our teams also works out of Women's Health in Women's Hands CHC, a community health centre serving uninsured and racialized people from the African, Black, Caribbean, Latin American and South Asian communities in Toronto.

We are looking to hire a GR for a locum with the possibility to extend, with a start date of June 1. The successful applicant can anticipate a caseload of 32-34 clients and to work in a shared care team with generous time off call. We invite MEP or IMPP graduates to apply and we strongly encourage BIPOC applicants. Additional languages spoken will be an asset.

We plan to hold interviews in March.

If interested please send a letter of interest and your CV with "Locum Position" in the subject line by February 24, 2021 to:
