

Midwives Grey Bruce

Midwives Grey Bruce (MGB) is looking for a GR to join our Walkerton team with a start date of January 2026 and a caseload of 28 BCCs.

We are committed to supporting Midwives in being their authentic selves and achieving work-life balance. We have a strong sleep relief policy and we stick to it. Midwives at MGB work within a small team, shared care model and have the weekly support of a Post Partum Midwife. At MGB we strive to make collective decisions, ensuring that all voices are heard.

We are a group of 12 midwives (11 GR) seeking a Midwife who is interested in providing individualized care to diverse clientele including a large population of Old Order Amish and Mennonite folk. We strongly support informed choice for our clients and are committed to providing inclusive and culturally safe care.

MGB is a dedicated teaching practice that strives to offer students and New Registrants enriching and positive learning experiences including ECVs, breast pump inductions and cervical ripening with foley catheter. We manage epidurals but choose to transfer care for oxytocin to maintain our high homebirth rate of 20-30%.

We serve a vast catchment area that stretches from the northern tip of the Saugeen Peninsula, south to Kincardine and east to the Beaver Valley. We are living and practicing in Robinson Treaty and Saugeen Treaty territories and on the traditional lands of the Anishinabek along the beautiful shores of Georgian Bay and Lake Huron. We have excellent travel compensation and for those looking to relocate we have connections to help people find housing if needed.

To best serve our region, we have two clinic sites and hold privileges at three hospitals. Our main clinic is in Owen Sound, a small city with a level two hospital. Our second clinic site is in the small town of Walkerton to support clients in the southern part of our catchment area. We hold privileges at two level one hospitals in that area in Hanover and Wakerton. The successful candidate will do most of their clinic, PP visits and births in the southern part of our catchment.

We are committed to inclusion and diversity and encourage applications from people who identify as IBPOC, LGBTQ2IA+ or with diverse abilities.

To apply, please fax or email your cover letter and CV to us!
