

Midwives Grey Bruce

Seeking a GR to join us for a 1 year contract in beautiful Grey Bruce!

Midwives Grey Bruce (MGB) is a dynamic and busy rural practice, serving a vast catchment area that stretches from the northern tip of the Saugeen Peninsula, south to Kincardine and east to the Beaver Valley. We are living and practicing in Robinson Treaty and Saugeen Treaty territories and on the traditional lands of the Anishinabek Nation.

We are a group of 12 midwives looking for a midwife to start this summer. Our practice provides care to a diverse clientele in a vast rural catchment. We limit our scope to exclude oxytocin in order to maintain our high homebirth rate. We strongly support informed choice for our clients and are committed to providing inclusive and culturally safe care. MGB is also a dedicated teaching practice that strives to offer students enriching and positive learning experiences.

To best serve our region, we have two clinic sites and hold privileges at three hospitals. Our main clinic is in Owen Sound, a small city with a level two hospital. We also hold privileges at two level one hospitals in Hanover and Walkerton. Our second clinic site is in the small town of Walkerton to support clients in the southern part of our catchment area.

We are committed to supporting midwives in being their authentic selves and achieving work-life balance. As such, midwives at MGB work within a small team, shared care model. We put large effort into our clinic culture. At MGB we strive to make collective decisions, ensuring that all voices are heard.

We are committed to inclusion and diversity and encourage applications from people who identify as IBPOC, LGBTQ2IA+ or having a disability.

To apply, please fax or email your cover letter and CV to us.
