

Midwives Nottawasaga

HIRING A NEW REGISTRANT

Start date: July 2025 (conditional on Ministry approval)

Sea & ski, hike and bike on the shores of beautiful Georgian Bay, minutes away from the escarpment, the Bruce Trail, and Blue Mountain,

We are a collegial group of 8-10 midwives with privileges at Collingwood General & Marine Hospital (a level 1B hospital). We serve a medium-sized rural catchment with a large population of Mennonite clients. For births, we maintain care for epidurals, and transfer care for oxytocin. We hold a home birth rate of around 15%.

The New Registrant will have a fair schedule with 32-36 BCCs. As part of your BCC income, you will also receive travel compensation and we pay secondary care fees to the midwife who attends the birth. We value team players with strong interpersonal skills. We have a strong desire to achieve fair scheduling and enjoy off time to enjoy the beautiful place we call home.

We are very fortunate to have an EMCM in our community (Collingwood Well Baby Clinic), who we work closely with. There is possibility for the successful applicant to be involved in some capacity if desired.

Please send your CV to midwivesnottawasagapartners@gmail.com.
Only those applicants who will be interviewed will be contacted.
