

MIDWIFERY SERVICES OF LAMBTON-KENT

NEW REGISTRANT OR GENERAL REGISTRANT POSITION AVAILABLE

Our practice is growing and we are looking for a midwife to join our amazing group of midwives. We enjoy a positive work environment and are looking for a midwife who has solid clinical skills. Start date is flexible.

Midwifery Services of Lambton-Kent has been established since 1994. We have a mix of full and part time midwives. We moved into a brand new office space in January, 2019 which is minutes from the hospital and close to downtown where there are many unique dining options. We provide services to a number of indigenous communities. Since we are a smaller city, traffic is minimal as you can drive from one side of the city to the other in 15 minutes. We enjoy the mild winters compared to the rest of the province.

We work in a shared care model. Each team coordinates their own on call/vacation schedule. We always have one midwife from each team on call at any given time. At Bluewater Health, our midwives provide fentanyl and epidurals to our clients as needed. We currently do not run our own inductions.

Sarnia is noted for its breathtaking sky blue water and beautiful waterfronts. The city boasts over 100 well maintained parks, and 15 miles of all purpose trails and miles of sandy lakefront beaches. Sarnia combines small town friendliness and ease of transportation with big city amenities. Stroll along Centennial Park, Sarnia Bay and try the famous fries under the Bluewater Bridge, to experience the true flavor of Sarnia. Boating, swimming, golfing, live horse racing, a casino, live theatre, outdoor concerts, as well as our brand new art gallery, are the many things to experience and enjoy in Sarnia-Lambton. Sarnia is situated at the mouth of Lake Huron and borders Michigan to the west. It's only a one hour drive to Detroit.

Email your resume including references to info@sarniamidwives.com. Midwives who identify as indigenous are especially encouraged to apply. Applications are being accepted immediately and all applicants will be contacted. Only suitable applicants will be granted an interview within the next few weeks.
