

Midwives of Medicine Hat

3096 Dunmore Road SE Medicine Hat AB T1B 2X2
P: 403-580-4555 F: 1-587-824-2022

Position

General Registrant or New Registrant Midwife

Location

Medicine Hat, Alberta

Practice Description

Midwives of Medicine Hat (MoMH) has a full-time permanent position available with flexible start date for either a General Registrant or New Registrant Midwife.

MoMH is currently a team of two midwives and has been in operation since 2015. We enjoy privileges at the Medicine Hat Regional Hospital and the Brooks Health Center. We attend home and hospital births in the Hat and surrounding communities. We are a well-established practice with a large repeat client base and a strong home birth practice (20-30%). We are partial scope (epidurals in-scope, oxytocin TOC) and enjoy strong interprofessional relationships. Medicine Hat is a beautiful place, featuring ample amenities and that small-town community feel. This is the sunshine capital of Canada, situated on the South Saskatchewan River with many miles of walking trails and near to Elkwater and Cypress Hills for recreational activities all year long.

Call Model

Our NR position operates on a full-time primary call basis, with a caseload of 3-5 clients per month, 4 days off call each month, and a supportive team of general registrant midwives to mentor and ease the transition to fully licensed practice.

General registrants operate on a shared care model and there is significant flexibility to work out the best rotational model and ensure generous off call time for all. We are committed to creating a strong and sustainable practice with good work life balance. We value diversity and encourage BIPOC and LGBTQ+ midwives to apply.

Interested applicants please send resumes with cover letters ASAP to:
