

MIDWIVES COLLECTIVE OF TORONTO

2 New Registrant Positions 2024-2025

Midwives Collective of Toronto is seeking 2 New Registrants to join our practice for a mentored year in 2024-2025, with the possibility of extension. We are actively seeking candidates who speak multiple languages and have varied personal and professional experiences. We value a diverse workforce that reflects the communities we serve and IBPOC midwives are strongly encouraged to apply.

We are a large feminist practice group working together to provide a consistent and evidence-based standard of care. We value continuity of care for our clients and midwives in our practice work in both shared and primary call models. We are an active teaching practice and all midwives, including NRs, are encouraged to contribute to non-clinical work as needed. We are a busy practice and serve a diverse population in downtown Toronto.

We have privileges at Mount Sinai Hospital and work to a full scope, managing labours with epidurals as well as induction/augmentation. We attend many births at the Toronto Birth Centre and enjoy an active home birth practice.

If you are interested in working with us for your mentored year, please send your CV and a Cover Letter by February 29, 2024 to the contact information below. If sending by email, please indicate "NR Job Application" in the subject line. We thank all applicants but only those selected for an interview will be contacted. We look forward to meeting you!
