

MIDWIVES OF YORK REGION SEEKS A NEW REGISTRANT

A position is available for a new registrant starting October 2020. The new midwife will be working primary care for approximately one month and then joining a team of 2 or 3 midwives.

We are a group of 9 midwives with MEP and IMPP routes of entry and work on teams, in a shared call model.

Our catchment area is York Region, extending from Lake Simcoe in the north to Elgin Mills Road in the south, Highway 27 in the west to Highway 48 in the east. This area is comprised of urban, suburban and rural communities with a growing multi-cultural population. Our midwifery clinic is located in Aurora. We have a waiting list of women seeking midwifery care most months.

Our hospital privileges are at Southlake Regional Health Centre in Newmarket. We are a well-established practice with good hospital relationships. We maintain primary care of women with epidural analgesia. We are working on a process to maintain care for clients that need oxytocin augmentation or induction. An interest in working collaboratively and desire to contribute positively to interprofessional relationships is essential.

We are seeking an energetic midwife who is keen to share in both clinical and administrative duties. Our midwives are active participants on various hospital committees, community health organizations and participate in ongoing community outreach. A sense of humour is mandatory!

Please send a letter of introduction and resume to Kristine Reynolds by e-mail to yrmidwives@gmail.com

We thank you for your interest but only those candidates selected for an interview will be contacted. We will be accepting resumes on going.
