

## General Registrant Position

**Start date: November 2021**

**Indigenous applicants especially encouraged**

Due to expanding numbers and services, we need to add a General Registrant to our practice. Start date would be November 2021. This is for a 12-month contract for 36 BCC and possibility of permanency. Orientation would be for the last two weeks of October; call with caseload beginning in November. Midwives provide care in a flexible call model with ample time off and vacation.

Midland Midwives By the Bay is based out of our local Community Health Centre, and prioritize service for socially disadvantaged families. We aim to provide exceptional and culturally safe care for the region's large Indigenous and Francophone populations. As such, **priority will be given to applicants who are Indigenous, and/or those with French language fluency.** The successful candidate will demonstrate a commitment to reducing barriers to health for clients with complex social and health histories. We are committed to client empowerment through social support, education, and informed choice.

We maintain a home birth rate of approximately 25%. We hold privileges at Georgian Bay General Hospital (Midland: Level 1) and Orillia Soldiers' Memorial Hospital (Level 2). We manage epidurals and are in the process of maintaining care for oxytocin. The two hospitals are engaged in a program of shared services through which pregnant clients in Midland are able to access higher-level consultations without leaving their community. Midland Midwives By the Bay is a new and growing practice in a community with unique and exciting opportunities for innovation in perinatal care. We are seeking someone with a passion for rural midwifery combined with an understanding of the importance of dedicated team work, community outreach and creating a presence in an underserved area.

We live on the beautiful shores of Georgian Bay. The region is traditional Wendat and Anishinabe territory, and is currently home to a large and diverse community of Indigenous peoples. There are ample opportunities for outdoor recreation like boating, skiing, or relaxing on the beach, as well as a collection of restaurants, museums, and cultural activities. Midland is 90 minutes north of Toronto, and 45 minutes away from Barrie and Wasaga Beach.
