

We are currently recruiting

The Midwives of Chatham-Kent are recruiting one full-time New Registrant Midwife to join our thriving practice of 6 midwives for a start date of spring 2023. We'd love to invite you to meet us!

The Midwives of Chatham-Kent is a busy practice with the honour of providing services to clients in our beautiful Southwestern Ontario community. We are searching for someone who is dedicated to being a part of our team and cultivating a positive work environment, with solid communication skills and a passion for providing care in smaller communities. All midwives hold privileges at Chatham Kent Health Alliance, a level 2b hospital. We practice full scope midwifery, including epidurals and administering oxytocin on our own orders. Our practice enjoys solid working relationships with nursing, family physicians, OB's and paediatricians. The obstetrician and anaesthesia staff at CKHA are available 24/7 and are on-call out of hospital.

Most of our team uses a primary care approach which allows us to work cohesively, develop strong relationships with clients and their families, and enhance the total birthing experience. It also allows our midwives to have a healthy work/life balance and a strong professional support network. Our practice is open to other models of care providing they meet these goals. We offer full-time administrative support, free on-site clinic parking, and regular weekends off call in addition to competitive vacation time and extra personal time allotted for each midwife.

Chatham-Kent is situated between London and Windsor with close access to the 401 and is a truly wonderful place to live with an affordable housing market. Driving through our catchment area, you will be met with views of lush fields and farmhouses, quaint towns and villages, attractive waterfront communities and medium-sized urban centres. As we have a mix of urban and rural clients, there is a moderate amount of driving for home visits.

Candidates need to be:

- New registrant, legally able to work in Ontario
- Fully vaccinated
- Licensed to drive in Ontario and have a personal vehicle
- Registered and in good standing with, the CMO and AOM
- Possess strong written and oral English communication skills
- Experience in providing care to diverse populations
- Highly responsible, independent and able to be on call.

Please note, this position is conditional on privileging and credentials. Interested applicants can forward their CV and letter of interest by email with "NR position" as the subject line. We look forward to hearing from you!
