

Sages-femmes Renaissance Midwifery

Job Posting – Locum for General Registrant

Sages Femmes Renaissance Midwifery (SFRM) is a thriving midwifery practice with two clinic locations in the beautiful Niagara Peninsula, Ontario. We are looking to fill a locum position for a minimum of 7 weeks, with the possibility of an extension, open to a GR only. Start date is somewhat flexible with orientation to start at or around January 10, 2022 and full call to start on January 24.

This position is available at our Welland site. SFRM is a shared care practice of 4 teams of midwives; doing a mixed rotation of on-call, clinic, and home visiting/community duties. During a 3 week rotation, there are 10 consecutive days off. We have hospital privileges at the St. Catharines site of the Niagara Health System. Midwives have full scope at this hospital, including for oxytocin induction and epidural management. Our homebirth rate is 25-30%. We generally have a full caseload, with waiting lists for some months. We are a mixed urban/semi-rural practice. We use with Accuro EMR in the office and Intellispace at our hospital.

Our ideal candidate is a confident team player and can expect comprehensive midwifery and administrative support.
