

## Locum Posting

### *Sages-femmes Temiskaming Midwives*

---

Dates: Flexible – up to 8 weeks  
between January 3 and March 31,  
2022 **\*Covered by the AOM  
locum program\*\***

---

### Come experience Northern Ontario at it's best!

Temiskaming Midwives is seeking 8 weeks of locum coverage through the AOM locum program in early 2022.

We are a small Northern Ontario practice of 3 part-time midwives with full-scope privileges at Temiskaming Hospital(level 1 hospital with c-section and anesthesia capability). We have excellent working relationships within the hospital that has 5 family docs who practice obstetrics. We serve a diverse population of bilingual, amish, menonite and indigenous clients with a catchment area that extends to Kirkland Lake. We have a good mix of hospital, home and clinic births.

Our current caseload from January to March is quite low so you would have a lot of free time to explore the area or catch up on other remote work, should you have any. Our area is absolutely beautiful in the winter and there's plenty to do in the outdoors including skiing(downhill/cross country), snowshoeing, skating, hiking and snowmobiling. We are just a short drive(20 mins) to Quebec as well.

We are excited to welcome you in the New Year! Please contact Kim if you have any questions or would like further details or email your resume to us at [temiskamingmidwifery@gmail.com](mailto:temiskamingmidwifery@gmail.com)
