

Thames Valley Midwives LOCUM POSITION

We are seeking a general registrant locum with a start date as soon as possible to cover parental leaves in our very fertile practice. Our end date will be very flexible but a 12 month period is expected with the opportunity to become general registrant among other opportunities.

Background:

- **Thames Valley Midwives** is a mixed urban-rural practice with two satellite clinics in the surrounding area of Elgin and Oxford.
- **Our catchment area** is committed to providing exceptional care to a wide variety of groups, which include Old Order Amish, low-German Mennonite, newcomers to Canada and First Nations populations. We are a full-scope practice, which has privileges at both a Level 1 and Level 3 hospital with supportive staff at each site. We also love homebirth, with around 25-30% our births taking place at home.

Position Summary:

- We are seeking a **full time locum** to work with us in a shared care model within one of our two teams of 14 midwives. We have an excellent call schedule offering every other weekend off (3 day long weekend), no more than 3 days on-call at a time, protected clinic hours and evenings during the weekdays off.
- We are a supportive group of midwives striving to create a manageable **work/life balance** while still continuing to provide excellent **continuity of care** to our clients.
- This position also offers an opportunity to continue longer term with Thames Valley Midwives for the right fit with many opportunities in the growing London community.

Requirements:

- We are looking for an enthusiastic, organized and innovative midwife that values supportiveness and teamwork. As a group we enjoy socializing, drinking wine and finding fun things to do together to foster an enjoyable work/life balance. We welcome you to apply now to **Thames Valley Midwives**.
