Seeking new team members - negotiable start time, call model, and caseload.

The Hamilton Midwives is a well-established, full scope practice. Our values are supporting each other in our work and wellbeing, team work and collaboration. We offer generous off call and vacation time, as well as sleep relief and sick leave coverage. We offer orientation and support for new members to get established. We are offering a 2 year contract and then ongoing if it's a good fit. We are offering a partnership track position but we welcome those seeking a shorter term commitment to apply as well.

We are seeking midwives who are energetic and organized. Experience in oxytocin and epidural management and ease with e-documentation are essential skills for our team. Arabic is highly valued. We welcome candidates from all walks of life.

Our hospital is St Joseph's Healthcare which has Baby Friendly designation. We are a predominantly urban practice, and cover several outlying suburbs and villages in our very manageable catchment area.

You will enjoy our new clinic space with a comfortable staff area for admin work, collaboration, and socializing.

Hamilton benefits from close proximity and excellent transportation links to both the Toronto and Buffalo-Niagara areas. Hamilton has a vibrant cultural and arts scene, scores of excellent restaurants and many green spaces. It is the waterfall capital of Canada.

We look forward to hearing from you.
