## **NEW REGISTRANT POSITION 2026**

We are excited to offer a New Registrant position at Midwives of Georgian Bay. We can be flexible with the start date, subject to approval of Ministry funding. We look forward to providing support and mentoring to a New Registrant who wants to work in a small community with clients from a variety of backgrounds for the long-term. There is opportunity for an on-going General Registrant position.

Parry Sound is eligible for the newly available Federal student loan forgiveness program for midwives working in a rural community.

Midwives of Georgian Bay is located on Anishinaabek and Robinson-Huron Treaty territory. Our catchment area includes five First Nations' communities: Wasauksing, Moose Deer Point, Shawanaga, Magnetawan and Henvey Inlet. We provide care for clients who live up to one hour's drive south, east and north of Parry Sound. We are strongly committed to providing culturally sensitive, quality care that is grounded in compassion, informed choice and continuity of care. The care we provide can be logistically and clinically challenging. Midwifery care is often deeply appreciated by our clients and felt to have made a positive impact on their experience.

We have full-scope privileges at West Parry Sound Health Centre (Level IB) and medical directives which enable an expanded scope of lab tests and medications. The community, hospital and our midwifery practice group are committed to maintaining high quality local services for rural pregnant people and families.

We also have privileges at Orillia Soldiers' Memorial Hospital (Level 2) where misoprostol and oxytocin are a transfer of care. We have a home birth rate of 12-20%.

As a small practice, we hope that relationships are built among midwives that are inclusive, equitable and respectful. We appreciate that communication is an on-going learning experience and adhere to curiosity, openness and reflection. Midwives are well supported to integrate into the community and hospitals and we strive to always be available to support each other in challenging or difficult times. We currently work in a primary call practice with regular time off.

This area is a UNESCO Biosphere, Georgian Bay Mnidoo Gamii Biosphere, with a strong arts scene, a wide variety of outdoor activities and a new indoor pool and recreational centre. There are excellent year-round retail, food and restaurants, with options such as Bearly Used Books, Georgian Bay Whole Foods, Dent Bay Bakery and Trestle Brewery. In the summer, there are numerous markets and events. We are located on spectacular Georgian Bay with additional access to numerous inland lakes. We have easy access to camping, paddling, cross country skiing, snow shoeing and year-round walking and hiking. The community is growing with an established Forest School and other unique opportunities for children.

Please email your letter of application and CV to **[admin@mogb.ca](mailto:admin@mogb.ca)** or call us for a chat if you are interested and have questions. All applicants will receive a response by email or phone.

Thank you for your interest.
